****PAST DUE ACCOUNTS** - If a student's tuition becomes 30 days past due and satisfactory arrangements have not been made with the office staff, the student(s) will unfortunately be dismissed from school.

FINANCIAL POLICIES

CHECKS: Please make checks payable to Kingsview Christian School or KCS. Returned checks will be charged up to a \$25.00 fee. Be sure to include the student's name in the memo line.

DEBIT/CREDIT: Payments may be made using Visa or Mastercard.

CASH: Please get a receipt from the office personnel to ensure proper credit for cash payments.

LATE PAYMENTS: Payments are due on the 1st of the month and considered late after the 10th of the month. (Note: The grace period will be extended to the next business day when the 10th falls on a weekend.) A \$20.00 late fee will be charged to your account for payments made after the 10th of the month. Modifications to the due date may be made with prior arrangements at the beginning of the school year.

STATEMENTS: Monthly statements **will be** sent by email unless the account is paid in full.

PAST DUE ACCOUNTS: If a student's tuition becomes past due one month and satisfactory arrangements have not been made with the office staff, the student(s) will unfortunately be dismissed from school.

WITHDRAWALS: Kingsview hires staff expecting parents' commitments to be for the full year. If you choose to make payments rather than full payment, there may be a balance due in the event of early withdrawal. The school incurs non-negotiable expenses — fees paid before the school year begins — and these expenses are not negated upon dismissal.

SPECIAL NOTES: Monthly payments do not reflect a price per month but rather equal payments of the total tuition and fees. Tuition includes classroom equipment, book usage, and staff assistance. Books stay with the school.

EXTRA BLESSING: We realize that for some families, it is challenging to make tuition payments. However, some families may be positioned to invest into the work at Kingsview. If you would like to make a tax deductible donation to any of the following ministries within Kingsview, your gift will be greatly appreciated and put to good use. Accounts of special Kingsview ministries are as follows: undesignated donations, Financial Aid Fund, School Expansion Fund, and Emergency Aid Fund.

I have read and understand the above financial policy. _____

DOCTRINAL MATTERS

Kingsview Christian School supports the historic authority of the Bible. Many different denominations are represented by our school family. We have had very little doctrinal controversy among our parents or faculty. There is much more which holds the family of believers together than separates denominations.

We ask our teachers not to dwell upon any doctrine which could be divisive. We ask the same of our parents when participating in a school function. Sometimes children will say things at home which may indicate a controversial doctrine has been discussed in class. If you are concerned, please call the teacher and find out the context of the discussion.

Neither of these lists are exhaustive, but these suggested areas give direction to our school family.

Dear Parents, Teachers, Building Occupants, and Employee Organizations:

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970's contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and related according to condition and potential hazard. Every three years, Kingsview Christian School's has an inspector determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last inspection conducted, all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected and found to be in good condition.

The law further requires an asbestos management plan to be in place by July 1989. Kingsview Christian School developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

It is the intention of Kingsview Christian School's to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in the school district administrative office or administrative office of the school during regular business hours. Donald Farmer is our designated asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 541-756-1411.

I have read the above asbestos information:
